Re: Freedom of Information Act Request No. EPA-2023-004752, Confirmation Request

Dear Ms. East,

Thank you for your Freedom of Information Act request received by the U.S. Environmental Protection Agency (EPA) on June 12, 2023, which requested San Luis Valley Local Foods Coalition's winning grant application under the Supporting Anaerobic Digestion (AD) in Communities grant program (EPA-OLEM-ORCR-21-02). We appreciate you meeting with us on July 6th to provide clarification of your request.

Clarification:

We understand that instead of the San Luis Valley Local Foods Coalition's winning grant application under the Supporting Anaerobic Digestion (AD) in Communities grant program (EPA-OLEM-ORCR-21-02), you are requesting the Monterey One Water's winning application. We also understand that you are requesting all required submittals and forms included in the application, such as the project narrative and cover letter, the budget table and narrative, application for federal assistance form (SF 424), budget form (SF 424A), compliance form (EPA 4700) and the key contacts form, but are not requesting optional submittals, such as letters of support.

Next Steps:

EPA anticipates providing you with this release by August 8th.

Processing Fees:

After scope clarification, we anticipate the costs to compile the complete application in responding to this request will be at the lower end of the \$90-180 range.

Please review and reply to confirm that the revised scope of the request is acceptable.

You may contact me at Janjic.Ksenija@epa.gov with your response or if you have any further questions. Additionally, you may seek assistance from EPA's FOIA Public Liaison at hq.foia@epa.gov or (202)

566-1667, or from the Office of Government Information Services (OGIS). You may contact OGIS by any of the following ways: by mail at Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, MD 20740-6001; email at ogis@nara.gov; telephone at (202) 741-5770 or (877) 684 6448; or fax at (202) 741-5769.
